7. Cost Basis Election

If an Exempt Payee account type was chosen in Section 2, then this section is not applicable.

The Internal Revenue Service (IRS) released mandatory cost basis regulations requiring fund companies to report cost basis information to shareholders and to the IRS on fund shares acquired and subsequently redeemed after January 1, 2012 (hereinafter referred to as "covered shares").

To comply with this regulation, we ask that you choose one of the following cost basis methods for your new account. You may wish to consult your tax advisor to determine which method best suits your individual tax situation. If you do not elect a method, the fund default method of First In, First Out will apply until revoked or changed by you.

- ☐ **First In, First Out (FIFO):** Depletes shares beginning with the earliest acquisition date.
- ☐ **Average Cost (ACST):** A method for valuing the cost of covered shares in an account by averaging the effect of all covered transactions in the account. The average cost is calculated by taking the cumulative dollar cost of the covered shares owned and dividing it by the number of covered shares in the account. Non-covered securities are calculated separately from covered securities and are not reported to the IRS.
- ☐ **Last In, First Out (LIFO):** Depletes shares beginning with the latest acquisition date.
- ☐ **High Cost, First Out (HIFO):** Depletes shares beginning with shares purchased at the highest cost.
- ☐ **Low Cost, First Out (LOFO):** Depletes shares beginning with shares purchased at the lowest cost.
- ☐ **Loss/Gain Utilization (LGUT):** A method that evaluates losses and gains and then strategically selects lots based on that gain/loss in conjunction with a holding period.

☐ **Specific Lot Identification (SLID):** You will need to designate which specific shares to redeem at the time you place your redemption request. A secondary accounting method must also be selected below and will only be activated if the lots chosen are no longer available. If a secondary accounting method is not selected, the default method of First In, First Out will be applied until revoked or changed by you. Please note that Average Cost cannot be used as a secondary accounting method.

- ☐ First In, First Out (FIFO)
- ☐ Last In, First Out (LIFO)
- ☐ High Cost, First Out (HIFO)
- ☐ Low Cost, First Out (LOFO)
- ☐ Loss/Gain Utilization (LGUT)

A few things to note:

- Your cost basis election method will be applied to all fund positions being opened with this account form as well as to all future funds added to this account unless otherwise indicated by you.
- If a method is not selected, your account will automatically default to the First In, First Out (FIFO) method until revoked or changed by you. Please note that if you have selected the First In, First Out (FIFO) method for existing shares and a redemption has occurred, this method cannot be revoked for these shares. However, a new method can be selected for new shares purchased in this account. Please consult your tax advisor to determine which method is most appropriate for you. Note that PIMCO is unable to provide tax advice related to specific investments or accounts.
- If you would like more information about these options, you can visit us online at pimco.com/investments/cost-basis or call a PIMCO Client Service Representative at 844.312.2113.

The Funds consider customer privacy to be a fundamental aspect of their relationships with shareholders and are committed to maintaining the confidentiality, integrity and security of their current, prospective and former shareholders' non-public personal information. The Funds have developed policies that are designed to protect this confidentiality, while allowing shareholder needs to be served.

Obtaining Non-Public Personal Information

In the course of providing shareholders with products and services, the Funds and certain service providers to the Funds, such as the Funds' investment advisers or sub-advisers ("Advisers"), may obtain non-public personal information about shareholders, which may come from sources such as account applications and other forms, from other written, electronic or verbal correspondence, from shareholder transactions, from a shareholder's brokerage or financial advisory firm, financial professional or consultant, and/or from information captured on applicable websites.

Respecting Your Privacy

As a matter of policy, the Funds do not disclose any non-public personal information provided by shareholders or gathered by the Funds to non-affiliated third parties, except as required or permitted by law or as necessary for such third parties to perform their agreements with respect to the Funds. As is common in the industry, non-affiliated companies may from time to time be used to provide certain services, such as preparing and mailing prospectuses, reports, account statements and other information, conducting research on shareholder satisfaction and gathering shareholder proxies. The Funds or their affiliates may also retain non-affiliated companies to market Fund shares or products which use Fund shares and enter into joint marketing arrangements with them and other companies. These companies may have access to a shareholder's personal and account information, but are permitted to use this information solely to provide the specific service or as otherwise permitted by law. In most cases, the shareholders will be clients of a third party, but the Funds may also provide a shareholder's personal and account information to the shareholder's respective brokerage or financial advisory firm and/or financial professional or consultant.

Sharing Information with Third Parties

The Funds reserve the right to disclose or report personal or account information to non-affiliated third parties in limited circumstances where the Funds believe in good faith that disclosure is required under law, to cooperate with regulators or law enforcement authorities, to protect their rights or property, or upon reasonable request by any Fund in which a shareholder has invested. In addition, the Funds may disclose information about a shareholder or a shareholder's accounts to a non-affiliated third party at the shareholder's request or with the consent of the shareholder.

Sharing Information with Affiliates

The Funds may share shareholder information with their affiliates in connection with servicing shareholders' accounts, and subject to applicable law may provide shareholders with information about products and services that the Funds or their Advisers, distributors or their affiliates ("Service Affiliates") believe may be of interest to such shareholders. The information that the Funds may share may include, for example, a shareholder's participation in the Funds or in other investment programs sponsored by a Service Affiliate, a shareholder's ownership of certain types of accounts (such as IRAs), information about the Funds' experiences or transactions with a shareholder, information captured on applicable websites, or other data about a shareholder's accounts, subject to applicable law. The Funds' Service Affiliates, in turn, are not permitted to share shareholder information with non-affiliated entities, except as required or permitted by law.

Procedures to Safeguard Private Information

The Funds take seriously the obligation to safeguard shareholder non-public personal information. In addition to this policy, the Funds have implemented procedures that are designed to restrict access to a shareholder's non-public personal information to internal personnel who need to know that information to perform their jobs, such as servicing shareholder accounts or notifying shareholders of new products or services. Physical, electronic and procedural safeguards are in place to guard a shareholder's non-public personal information.

Information Collected from Websites

The Funds or their service providers and partners may collect information from shareholders via websites they maintain. The information collected via websites maintained by the Funds or their service providers includes client non-public personal information.

Changes to the Privacy Policy

From time to time, the Funds may update or revise this privacy policy. If there are changes to the terms of this privacy policy, documents containing the revised policy on the relevant website will be updated.

¹ When distributing this Policy, a Fund may combine the distribution with any similar distribution of its investment adviser's privacy policy. The distributed, combined, policy may be written in the first person (i.e. by using "we" instead of "the Funds").
