5. COST BASIS ELECTION

The Internal Revenue Service (IRS) requires mutual fund companies to report cost basis information to shareholders and to the IRS on mutual fund shares acquired and subsequently redeemed after January 1, 2012 (hereinafter referred to as “covered shares”). This regulation removes the 1099-B reporting exemption for redemptions by S-Corporations. C-Corporations retain their exempt status.

To comply with this regulation, we ask that you choose one of the following cost basis methods for your new account. You may wish to consult your tax advisor to determine which method best suits your individual tax situation. When a cost basis reporting method is not specified, Average Cost will be applied until revoked or changed by you.

- ☐ **Average Cost (ACST):** Values the cost of covered shares in an account by averaging the effect of all covered transactions in the account. The average cost is calculated by taking the cumulative dollar cost of the covered shares owned and dividing it by the number of covered shares in the account. Non-covered shares are calculated separately from covered shares and are not reported to the IRS.
- ☐ **First In, First Out (FIFO):** Depletes shares beginning with the earliest acquisition date.
- ☐ **Last In, First Out (LIFO):** Depletes shares beginning with the latest acquisition date.
- ☐ **High Cost, First Out (HIFO):** Depletes shares beginning with shares purchased at the highest cost.
- ☐ **Low Cost, First Out (LOFO):** Depletes shares beginning with shares purchased at the lowest cost.
- ☐ **Loss/Gain Utilization (LGUT):** Evaluates losses and gains and then selects lots based on that gain/loss in conjunction with a holding period.
- ☐ **Specific Lot Identification (SLID):** You will need to designate specific shares to redeem at the time you place your redemption request. A secondary accounting method must also be selected below and will only be activated if the lots chosen are no longer available. If a secondary accounting method is not selected, First In, First Out will be applied until revoked or changed by you. Please note that Average Cost cannot be used as a secondary accounting method.
 - ☐ First In, First Out (FIFO)
 - ☐ Last In, First Out (LIFO)
 - ☐ High Cost, First Out (HIFO)
 - ☐ Low Cost, First Out (LOFO)
 - ☐ Loss/Gain Utilization (LGUT)

A few things to note:

- *Your cost basis election method will be applied to ALL current and future fund positions for ALL of your accounts unless otherwise indicated.*
- *If you wish to select a different method for different funds contained within this form, please indicate as such. If you need additional space to indicate your selections, attach a separate page that includes all of the information requested above. Sign and date the page.*
- *If a method is not selected, your account will default to the Average Cost (ACST) method until revoked or changed. Please note that if you have selected the Average Cost method for existing shares and a redemption has occurred, this method cannot be revoked for these shares. However, a new method can be selected for new shares purchased in this account. Note that PIMCO is unable to provide tax advice related to specific investments or accounts. Please consult your tax advisor to determine which method is most appropriate for you.*
- *For 1099-B reportable accounts, any gains or losses on redeemed covered shares will be calculated and reported to the IRS in accordance with your cost basis election method.*
- *If you would like more information regarding these options, please visit us online at pimco.com/cost-basis or call a PIMCO Client Service Representative at 800.426.0107.*

The Funds consider customer privacy to be a fundamental aspect of their relationships with shareholders and are committed to maintaining the confidentiality, integrity and security of their current, prospective and former shareholders' non-public personal information. The Funds have developed policies that are designed to protect this confidentiality, while allowing shareholder needs to be served.

Obtaining Non-Public Personal Information

In the course of providing shareholders with products and services, the Funds and certain service providers to the Funds, such as the Funds' investment advisers or sub-advisers ("Advisers"), may obtain non-public personal information about shareholders, which may come from sources such as account applications and other forms, from other written, electronic or verbal correspondence, from shareholder transactions, from a shareholder's brokerage or financial advisory firm, financial professional or consultant, and/or from information captured on applicable websites.

Respecting Your Privacy

As a matter of policy, the Funds do not disclose any non-public personal information provided by shareholders or gathered by the Funds to non-affiliated third parties, except as required or permitted by law or as necessary for such third parties to perform their agreements with respect to the Funds. As is common in the industry, non-affiliated companies may from time to time be used to provide certain services, such as preparing and mailing prospectuses, reports, account statements and other information, conducting research on shareholder satisfaction and gathering shareholder proxies. The Funds or their affiliates may also retain non-affiliated companies to market Fund shares or products which use Fund shares and enter into joint marketing arrangements with them and other companies. These companies may have access to a shareholder's personal and account information, but are permitted to use this information solely to provide the specific service or as otherwise permitted by law. In most cases, the shareholders will be clients of a third party, but the Funds may also provide a shareholder's personal and account information to the shareholder's respective brokerage or financial advisory firm and/or financial professional or consultant.

Sharing Information with Third Parties

The Funds reserve the right to disclose or report personal or account information to non-affiliated third parties in limited circumstances where the Funds believe in good faith that disclosure is required under law, to cooperate with regulators or law enforcement authorities, to protect their rights or property, or upon reasonable request by any Fund in which a shareholder has invested. In addition, the Funds may disclose information about a shareholder or a shareholder's accounts to a non-affiliated third party at the shareholder's request or with the consent of the shareholder.

Sharing Information with Affiliates

The Funds may share shareholder information with their affiliates in connection with servicing shareholders' accounts, and subject to applicable law may provide shareholders with information about products and services that the Funds or their Advisers, distributors or their affiliates ("Service Affiliates") believe may be of interest to such shareholders. The information that the Funds may share may include, for example, a shareholder's participation in the Funds or in other investment programs sponsored by a Service Affiliate, a shareholder's ownership of certain types of accounts (such as IRAs), information about the Funds' experiences or transactions with a shareholder, information captured on applicable websites, or other data about a shareholder's accounts, subject to applicable law. The Funds' Service Affiliates, in turn, are not permitted to share shareholder information with non-affiliated entities, except as required or permitted by law.

Procedures to Safeguard Private Information

The Funds take seriously the obligation to safeguard shareholder non-public personal information. In addition to this policy, the Funds have implemented procedures that are designed to restrict access to a shareholder's non-public personal information to internal personnel who need to know that information to perform their jobs, such as servicing shareholder accounts or notifying shareholders of new products or services. Physical, electronic and procedural safeguards are in place to guard a shareholder's non-public personal information.

Information Collected from Websites

The Funds or their service providers and partners may collect information from shareholders via websites they maintain. The information collected via websites maintained by the Funds or their service providers includes client non-public personal information.

Changes to the Privacy Policy

From time to time, the Funds may update or revise this privacy policy. If there are changes to the terms of this privacy policy, documents containing the revised policy on the relevant website will be updated.

¹ When distributing this Policy, a Fund may combine the distribution with any similar distribution of its investment adviser's privacy policy. The distributed, combined, policy may be written in the first person (i.e. by using "we" instead of "the Funds").

² The listed entities which are open-end investment companies are known as the "Trusts," the listed entities which are publicly-traded closed-end investment companies are known as the "Closed-End Funds," the listed entities which are closed-end investment companies operating as "interval" funds pursuant to Rule 23c-3 under the 1940 Act are known as the "Interval Funds", and the listed entities which are business development companies are known as the "BDCs." The Trusts' respective series, the Closed-End Funds, the Interval Funds and the BDC are referred to herein as the "Funds." References to "Trustees" include Directors, as applicable.

³ PIMCO Investments LLC ("PI") serves as the Funds' distributor and does not provide brokerage services or any financial advice to investors in the Funds solely because it distributes the Funds. This Privacy Policy applies to the activities of PI to the extent that PI regularly effects or engages in transactions with or for a shareholder of a series of a Trust who is the record owner of such shares. For purposes of this Privacy Policy, references to "the Funds" shall include PI when acting in this capacity.

PIMCO Funds Important Investor Information Regarding Breakpoints

Below is a general Breakpoint Disclosure Statement discussing various matters an investor should consider when investing in the PIMCO Funds. Please read it carefully. For more detailed information on these matters with respect to the PIMCO Funds: (i) contact your financial advisor, (ii) visit our website at pimco.com to obtain copies of the current PIMCO Funds prospectuses and statements of additional information, or (iii) call PIMCO Funds at 888.877.4626.

Breakpoint Disclosure Statement

Before investing in the PIMCO Funds, it is important that you understand the sales charges, expenses, and management fees that you will be charged, as well as the breakpoint discounts to which you may be entitled. Understanding these charges and breakpoint discounts will assist you in identifying the best investment for your particular needs and may help you reduce the cost of your investment. This disclosure statement will give you general background information about these charges and discounts with respect to the PIMCO Funds. Sales charges, expenses, management fees, and breakpoint discounts, however, vary from PIMCO Fund to PIMCO Fund. **Therefore, you should discuss these issues with your financial advisor and review each PIMCO Fund's prospectus and statement of additional information, which are available from your financial advisor or our website, to get the specific information regarding the charges and breakpoint discounts associated with a particular PIMCO Fund.** An investor should provide certain information or records (as set forth in the prospectus) to their financial advisor, or to the PIMCO Funds' Distributor, to verify the investor's eligibility for breakpoint discounts. If such information or records are not provided, the financial advisor and/or PIMCO Funds' Distributor may be unable to ensure that the discount is correctly applied to the investor's account.

Sales Charges

Investors that purchase PIMCO Funds must make certain choices, including which funds to purchase and which share class is most advantageous. Each PIMCO Fund has a specified investment strategy. You need to consider whether the fund's investment strategy is compatible with your investment objectives. Additionally, each publically available PIMCO Fund offers different share classes. Although each share class represents a similar interest in the fund's portfolio, the fund will charge you different fees and expenses depending upon your choice of share class. Class A shares of most PIMCO Funds carry a "front-end" sales charge or "load" that is deducted from your investment at the time you buy fund shares. This sales charge is a percentage of your total purchase. As explained below, the PIMCO Funds offer volume discounts to the front-end sales charge assessed on Class A shares at certain pre-determined levels of investment, which are called "breakpoint discounts." A complete waiver of front-end sales charges on Class A share purchases may also be available for certain types of accounts or account holders.

In contrast, Class C shares of the PIMCO Funds do not carry any front-end sales charges. Instead, investors that purchase Class C shares pay asset-based sales charges, which continues for the life of your investment. Investors that purchase Class C shares may also be required to pay a Contingent Deferred Sales Charge if they sell their shares within one year of purchase. Investors in Class A shares of the PIMCO Funds may also pay a Contingent Deferred Sales Charge if they paid no front-end sales charge due to a volume discount and then redeem such shares within 18 months of purchase.

Breakpoint Discounts and Waivers

The PIMCO Funds offer investors a variety of ways to qualify for breakpoint discounts on the sales charge associated with the purchase of Class A shares. In general, the PIMCO Funds provide breakpoint discounts to investors who make large purchases at one time. The extent of the discount depends upon the size of the purchase. As the amount of the purchase increases, the percentage used to determine the sales charge decreases. In fact, the entire sales charge may be waived for investors that make very large purchases of Class A shares or for certain types of accounts and account holders. The PIMCO Funds' prospectuses contain tables that illustrate the available breakpoint discounts and the investment levels at which breakpoint discounts apply. Additionally, the PIMCO Funds allow investors to qualify for breakpoint discounts based upon current holdings from prior purchases through "Right of Accumulation," and future purchases, based upon "Letters of Intent." You should discuss these issues with your financial advisor and review the applicable PIMCO Funds prospectus to determine the specific terms upon which the PIMCO Funds offer breakpoint discounts.

Combined Purchase Privilege — A "Qualifying Investor" may qualify for a breakpoint discount on Class A shares by combining concurrent purchases of the Class A shares of one or more PIMCO Funds into a single purchase.

Right of Accumulation — A "Qualifying Investor" may qualify for a breakpoint discount on Class A shares by combining the purchase of Class A shares of a PIMCO Fund with the current aggregate net asset value (NAV) of all Class A and C shares of any PIMCO Fund held by accounts for the benefit of such Qualifying Investor.

A "Qualifying Investor" may include an individual, certain immediate family relatives or other related party accounts, as set forth in the current prospectus. You should refer to the prospectus for details and restrictions. If you wish to rely upon the holdings of related parties or account balances at another financial firm to qualify for a breakpoint discount, you should speak with your financial advisor about these accounts. You may need to provide documentation to your financial advisor or the PIMCO Funds' Distributor if you wish to rely upon such accounts for purposes of receiving a breakpoint discount.

Letters of Intent — The PIMCO Funds allow investors to qualify for breakpoint discounts by signing a Letter of Intent, which indicates the investor's intent to purchase a specified amount of Class A shares within 13 months. For example, if an investor plans to purchase \$50,000 worth of Class A shares over a period of 13 months, but each individual purchase would not qualify for a breakpoint discount, the investor could sign a Letter of Intent at the time of the first purchase and receive the breakpoint discount associated with \$50,000 investments on the first and all subsequent purchases. Additionally, the PIMCO Funds offer retroactive Letters of Intent that allow investors to rely upon purchases in the past to qualify for a breakpoint discount. If an investor fails to invest the amount required by the Letter of Intent, however, the PIMCO Funds are entitled to retroactively deduct the correct sales charges based upon the amount that the investor actually invested. If you intend to make several purchases within a 13-month period, you should consult your financial advisor and the PIMCO Funds prospectuses to determine if it would be beneficial for you to sign a Letter of Intent.

To determine whether an investor qualifies for a breakpoint discount, the offering price of the shares is used for purchases relying on the Combined Purchase Privilege or a Letter of Intent and the amount of the total current purchase (including any sales charge) plus the NAV of shares previously acquired is used for the Right of Accumulation.

Reinstatement Privilege — Class A investors who have redeemed some or all of their shares may reinvest all or a portion of such redemption proceeds in new Class A shares of any PIMCO Fund at NAV without any sales charge, provided that such investment is made within 120 days after the redemption date. The reinstatement privilege may be utilized by a shareholder only once, with certain exceptions noted in the PIMCO Funds prospectuses and statements of additional information.

Sales Without a Sales Charge — In addition to the programs summarized above, the PIMCO Funds may sell their Class A shares at NAV without any sales charge to certain types of accounts or account holders, as set forth in the current prospectus. Also, Class A shares issued pursuant to the automatic reinvestment of income dividends or capital gains distributions are issued at NAV and are not subject to any sales charges.

Understanding the availability of breakpoint discounts is important because it may allow you to purchase Class A shares at a lower price. The availability of breakpoint discounts may save you money and may also affect your decision regarding the appropriate share class in which to invest. Therefore, you should discuss the availability of breakpoint discounts with your financial advisor and carefully review the applicable PIMCO Funds prospectus and statement of additional information, which you can get from your financial advisor or our website, when choosing among the funds and share classes offered by the PIMCO Funds. If you wish to learn more about mutual fund share classes or mutual fund breakpoints, you may wish to review the investor alerts available on the FINRA website. Information for Authorized Agents

You can authorize a person (“Authorized Agent”) registered with the California Secretary of State to exercise your California privacy rights on your behalf. An Authorized Agent can also include a person who has power of attorney or is acting as a conservator. To submit a request to PIMCO on behalf of another person as an Authorized Agent, please submit a request to us by clicking [here](#), calling us at 866-746-2615 or contacting us at AmericasPrivacy@pimco.com.

Verifying Your Requests

We only respond to your requests to know how we have collected, used and disclosed your personal information, to access the specific pieces of personal information we have about you, or to delete and correct inaccurate personal information when those requests are “verifiable.”

We may need to ask you for personal information to verify your request so we can match it to the personal information we already have about you. We may also need to obtain additional information about you that we do not already have. If you provide us with new personal information that we do not already have about you, we will use it solely for the purpose of verifying your request. We will let you know via email if we need more information from you to verify your request. Please reply to our requests promptly.

We will communicate with you about your requests via email. We will use the email address you provided when submitting your request.

If we cannot verify your identity, we will let you know.

Responding to Requests

We aim to promptly verify and respond to your requests within 45 days of receipt but may require a total of up to 90 days to respond to your requests. If we require additional time beyond the initial 45 days after we receive your request, we will let you know within the first 45 days.

We do not ordinarily charge a fee for our response to your requests. However, we may do so to the extent your request(s) are excessive, repetitive, or manifestly unfounded. If we determine that charging a fee is warranted, we will let you know and will provide you with an estimate of the associated costs of responding to your request(s).

If we determine that we cannot or will not take the action that you requested, we will let you know. We will inform you of our reasons for not taking action and any rights you may have to appeal the decision.

Unless you tell us that you would like to receive a response via postal mail, we will respond to you via email regarding your requests to know and to access the specific pieces of personal information we have about you. We will contact you at the email address you provided when submitting your request(s). If you would like to receive responses to a request to know or access personal information via postal mail rather than email, please let us know when submitting your request(s).

Limitations

The CCPA does not apply in full to all personal information we collect from California residents. Therefore, even if you are a California resident and submit a verifiable request, we may not be required to comply with your request.

We are only required to respond to certain requests twice in any twelve-month period. We are not required to provide you access to specific pieces of personal information more than twice in any twelve-month period. Similarly, we are not required to comply with your “requests to know” more than twice in any twelve-month period.

Changes to Our California Privacy Notice
